

Edited List of the Mazzaroth 48 Constellations Only

“Lift up your eyes on high, and behold who hath created these things, that bringeth out their host by number: he calleth them all by names by the greatness of his might, for that he is strong in power; not one faileth.”
“He telleth the number of the stars; he calleth them all by their names.” Isaiah 40:26 - Psalm 147:4

- The original designated list appoints Ptolemy 150 AD as having given the names of the 48 ancient constellations
- The additional 40 constellations were created, listed, introduced and adopted by:
- Constellations created and listed by Dutch celestial cartographers (c. 1592–1614)
- Constellations introduced by Johannes Hevelius after 1687
- Constellations introduced by Nicolas-Louis de Lacaille after 1756
- “In contemporary astronomy, 88 constellations are recognized. Each constellation is a region of the sky. Together they cover the entire celestial sphere, with their boundaries adopted officially by the International Astronomical Union (IAU) in 1928 and published in 1930.” https://en.wikipedia.org/wiki/IAU_designated_constellations
- This **edited list** is based on Isaiah 40:26 – Psalm 147:4 - the Ancient of Days called the constellations of the Mazzaroth by names
- The Ancient 12 Cardinal Constellations identified in red and the 36 Decan Constellations identified in blue are edited with numbers 1-48 - the other 40 constellations have been removed.
- The 12 Cardinal Constellations are not in the order they appear on a monthly basis but are in alphabetical order.
